

BoS Conf Europe 2022 Group Activities

- Our BoS workshop challenges have been designed to help get you talking and thinking together in smaller groups. We hope they will be fun. Points will be awarded for the most creative approach to solving problems.
- You need to form a group with a maximum of 8 people.
- It is up to you how you divide your team and approach the challenges. As in real life, there are no well-defined rules for you to follow – you must negotiate access to e.g. spaces with other teams.
- **Time** The session will run for 60 minutes.

The Challenges

- **Name your team.** Enter team name into the main Slack channel and reply in a thread with subsequent tasks.
- **Problem Solved** In a short (<2 minute) video, describe a problem shared by a team member and possible solution suggested by others in the team.
- **One App to Rule Them All.** Wireframe an App that would make your life better. Go to <https://balsamiq.cloud/> for a free 90 day trial of Balsamiq Cloud if you need it. Use code: **BQMEXZXZ110323** Instructions for code redemption <https://bit.ly/Balsamiq90>
- **Lightbulb Moment** In a short (<2 minute) video share something you've learned today that has made a difference to a member of your team.
- **Pitch a Company.** Produce a short (<2 minute) video for one of our supporters that would help someone understand what they do and interest them in finding out more.
- **Secret Skill in Team Photo** Take a team picture or video that shows off at least one unusual/secret skill a team member has. Identify the skill/s demonstrated.

There will be prizes for each member of the winning team awarded on Tuesday. The team that is judged to have the most points will be the winner.

Remember... no cheating. Points will be deducted arbitrarily for unsporting behaviour. Any problems, ask the BoS Crew.

Enter team name into the main Slack channel and reply in a thread with subsequent tasks.
